New Balance Allsite EH PR

New Balance Allsite provides protection across all conditions.
Waterproof upper construction ensures protection across all outdoor conditions, constructed with the lightest weight materials, such as composite toe and TPU eyelet. Allsites features minimise fatigue from even the longest day on-site while not compromising on safety. Additionally the NB comfort insert, Acteva midsole and strong heel counter come together to provide comfort, stability and flexibility for the most active worker. COMFORT WHILE YOU WORK.

AT TREAD
A dual-use outsole tread combining both trail and running lug designs for on and off-road.

ELECTRICAL HAZARD (EH)
With added electrical hazard protection, these non-conductive shoes have been designed with an additional form of protection from hazardous steps.

Toe Protect
Reinforced toe tip designed to help protect the toes.

ACTEVA
A highly versatile performance foam, Acteva is formulated to deliver support without compromising weight or flexibility.

H2O RESIST
For shoes which use water repellent effect material and pass the NB water repellent standard test.

HEAT RESISTANCE
The outsole is heat resistant to very high temperatures (up to at least 300°C for 60 seconds).

Debris Free CONSTRUCTION
Advanced upper construction designed to keep debris from entering the shoe.
